

## NVRA SOLO II PURCHASING PROGRAM

All NVRA racing competitors must have a one-way communications system for their drivers use during NVRA sanctioned events in 2010. NVRA members approved the use of funds from the NVRA treasury to assist in the acquisition of the Racing Electronics Solo II receiver and earpiece.

The NVRA will order 35 Solo II receivers and earpieces at the discount price of \$72.50 each. The NVRA will pay \$50 of the cost of each Solo II system leaving a balance of \$22.50 per system to be paid by the NVRA member. Only NVRA race car owners may purchase the Solo II system and only one system for each vintage race car they own and compete in NVRA races.

The NVRA will sell the Solo II systems to NVRA race car owners on a first come basis. You must be a NVRA member in good standing (have paid your 2010 dues) at the time you order a Solo II system.

To order your Solo II system/s fill out the order form below and send the completed form along with your payment of \$22.50 for each system to the address listed below. The Solo II systems will be delivered to the buyers at the first NVRA race of 2010 (Lavonia Speedway March 20<sup>th</sup> )
